

REMARKS

Claims 1-24, as amended, and new claims 27-28 appear in this application for the Examiner's review and consideration. Claims 25-26 have been cancelled without prejudice to applicant's fights to file a divisional application for the subject matter of those claims. The new claims are directed to preferred embodiments and are supported by the specification and Figure 6. As there is no issue of new matter, the new claims should be entered at this time.

In response to the Examiner's restriction requirement, applicants hereby elect Species 6, Figures 6a to 6h, for examination at this time.

Independent claim 1 (generic) and dependent claims 4-24 and independent claim 27 (specific) and dependent claim 28. Accordingly, these claims should be examined at this time, and an action of the merits of these claims is respectfully requested.
